

CLAIMS

1. A method, comprising:
 - a) providing:
 - i) cells, and ii) an expression construct comprising SEQ ID NO:1; and
 - b) transfecting said cells with said expression construct so as to generate transfected cells.
2. The method of Claim 1, further comprising c) culturing said cells under conditions such that serotonin release is detected.
3. The method of Claim 1, further comprising c) culturing said cells under conditions such that seronergic receptor generation is detected.
4. The method of Claim 1, further comprising c) contacting said transfected cells with a test compound.
